**STATEMENT FROM
KENNYWOOD PARK**

WEST MIFFLIN, PA—We are greatly saddened by the violence that occurred last night. Our thoughts are with those who were injured as a result of the incident, as well as all guests and team members affected by what happened. We have made services available for team members in need of support at this time.

We are closely collaborating with police as they investigate. Our entry security protocols include a state of the art weapons detection system put into place at the start of this season, video scanning, and bag checks. We regularly supplement our park security staff with officers from the Allegheny County Police Department and West Mifflin Police Department, who were contracted to support our teams during operating hours, including Saturday evening. We will continue to cooperate with authorities throughout their investigation.

The park is closed Sunday, September 25. We will reopen as scheduled on Friday evening, September 30, and will continue to provide updates as more information becomes available.

--Mark Pauls, Kennywood General Manager
